Register and create account on behiiv.com.

Visit behiiv.com then create new account.

Confirmation Account.

After create register and create new account on behiiv, now you need to confirmation account, visit your email , and click confirmation.

After that login on behiiv with your account and password.

Open Behiiv - Dashboard - Admin - Publication and create new form.

The image shows a screenshot of the Behiiv dashboard. On the left, there is a sidebar with navigation links: Settings, Account (Profile, Notifications, Password), and Admin (Company, Publication, Design Lab, Website, Integrations, Billing). The main content area is titled 'Publication - Creativitas' Newsletter' and includes tabs for General, Domains, Premium, RSS Feed, Import Subscribers, and Import Content. The 'Subscribe Forms' section is active, showing a list of forms with a 'Create new form' button. A modal titled 'Edit Subscribe Form' is open on the right, allowing editing of form details. The modal includes fields for Name, Content, Header, Description, Input Placeholder, Button Text, and a Color Palette for the button and input border.

Embed Behiiv Code.

Open Behiiv - Dashboard - Admin - Publication
on your new form - click view

Copy Behiiv Code.

After that you can , scroll down and see embed code in here.

After that you can scroll down and see the embed code here.

All we need to do is copy the ID code. as in the image.

```
9 lang: en
10 locale: en_US
11 media:
12   favicon: /assets/img/alexey.webp
13   cover: /assets/img/alexey.webp
14
15 behiiv_id: f947b9d0-3ff1-4532-89f9-
16
```

Insert Behiiv Code.

Now you can visit on jekyll project and open `_config.yml`

insert behiiv id code into

`behiiv_id: # insert code here`

and save your `_config.yml` files.
